**Speakers Bureau  
1977 - 78**

As a community service, Robeson Technical Institute maintains a Speakers Bureau. Members of the staff and faculty are willing to talk to groups about any facet of Robeson Tech or about the Community College System as a whole. However, some are versatile in areas other than their specific work. This booklet lists those persons and topics, available with the compliments of Robeson Technical Institute.

For further information, call Speakers Bureau, R.T.I., 738-7101.
